SANDRA K. MARSHALL, Clerk  
DR. RHONDI HAGENDefense Proposed Implementation of Revision to Jury Instructions

The set of instructions given yesterday made references to the mental state of "knowingly." Those instructions do not apply in this case and were incorrectly given to you. They have been deleted from the revised instructions. You must not consider the instructions regarding a "knowing" mental state in any way in this case.

That legal definition does not apply in this case and it has been deleted.

You will get as amended page 9 that deletes references to the legal definition of knowing or knowingly.

You must decide the case on the written instructions you are given which <sup>now</sup> includes the amended p. 9 - not the original page 9.
